সম্মানিত শেয়ারহোল্ডারগণ আস্সালামু আলাইকুম

প্রগতি লাইফ ইস্যুরেন্স লিমিটেডের পরিচালকমন্ডলী এ প্রতিষ্ঠানের ২২তম বার্ষিক সাধারণ সভায় আপনাদের স্বাগত জানাচেছ। পরিচালকমন্ডলীর প্রতিবেদন এবং ৩১ ডিসেম্বর, ২০২১ তারিখে সমাপ্ত অর্থ বছরের জন্য ও নিরীক্ষকের প্রতিবেদনসহ আর্থিক বিবৃতি আপনাদের সামনে উপস্থাপন করতে পারা আমাদের জন্য প্রকৃতই আনন্দের।

বাংলাদেশের অর্থনীতি ২০২১ ঃ একটি পর্যালোচনা

২০২০-২১ অর্থ বছরে বাংলাদেশের অর্থনীতির প্রবৃদ্ধি ঘটেছে আকর্ষণীয় ৬.৯৪ শতাংশ হারে, যা বলিষ্ঠ সামষ্টিক অর্থনৈতিক ভীত এর পরিচায়ক। ২০২১ অর্থ বছরে ২০২০ অর্থ বছরের তুলনায় সেবা খাতে প্রবৃদ্ধি ঘটেছে যথাক্রমে ৪.১৬ শতাংশ থেকে ৫.৬১শতাংশ হারে। ২০২১ অর্থ বছরে ২০২০ অর্থ বছরের তুলনায় শিল্প প্রবৃদ্ধি হয়েছে যথাক্রমে৩.২৫ শতাংশ থেকে ৬.১২ শতাংশ হারে। আরেকটি সম্ভাবনার চিত্র আমরা দেখি জিডিপিতে বেসরকারী বিনিয়োগের হিসাবে ২০২১ অর্থ বছরের ২১.২৫ শতাংশ হয়েছে। সরকারী অর্থনৈতিক উন্নয়ন বজায় রাখার প্রচেষ্ঠায় বেসরকারী বিনিয়োগেও উচ্চ পর্যায় বজায় রাখা সম্ভব হয়েছে।

বাংলাদেশের বীমা শিল্প

আমাদের প্রত্যাশা বর্তমান রাজনৈতিক পরিবেশ এবং সরকারের সাম্প্রতিক উন্নয়ন কার্যক্রম আগামীতে দেশের অর্থনৈতিক প্রবৃদ্ধি আরও বৃদ্ধি পাবে। দেশের অর্থনৈতিক প্রবৃদ্ধিতে জীবন বীমা শিল্প একটি অবিচ্ছেদ্য অংশ, যাহা প্রবৃদ্ধি উন্নয়নে গুরুত্বপূর্ণ ভূমিকা পালন করে। জীবনের ঝুঁকি বহন ছাড়াও জীবন বীমা সঞ্চয় সৃষ্টি করে, সঞ্চয় সৃষ্টি করে বিনিয়োগ, বিনিয়োগ সৃষ্টি করে মূলধন আর মূলধন বাড়িয়ে তুলে অর্থনৈতিক প্রবৃদ্ধিকে। দেশে ৩২টি লাইফ ইন্সারেঙ্গ কোম্পানী বিদ্যমান থাকা সত্ত্বেও জীবন বীমা পেনিট্রেশনের হার এক শতাংশ এর কম, যাহা জীবন বীমা শিল্পের অনুমূত অবস্থা প্রকাশ করে। এই খাতের ভবিষ্যৎ উন্নয়ন সরকারের সার্বিক সহযোগীতার উপর নির্ভরশীল।

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Gross life insurance premium amount of Tk. 3,877,722,580 comprises the net premium amount of Tk. 3,852,722,580 which is received for the whole period of cover provided by contracts entered into during the accounting period. Premium income is one of the key areas of audit. It is significant by nature. There are various risks

involved in recognition of premium income as

With respect to Premium income we carried out the following procedures:

How our audit addressed the key matter

- The design and operating effectiveness of key controls around premium income recognition process.
- Carried out analytical procedures and recalculated premium income for the period.

Carried out cut-off testing to ensure unearned premium income has not been included in the premium income. • On a sample basis reviewed policy to ensure appropriate policy stamp was affixed to the contract and the same has been reflected in the premium register. Ensured on a sample basis that the premium income was being deposited in the designated bank account. • Tested on a sample basis to see that appropriate VAT was being collected and deposited to bank through Treasury Challan. For a sample of insurance contracts tested to see if appropriate level of reinsurance was done and whether that reinsurance premium was deducted from the gross premium. Applying specialist judgment ensured if there is any impairment of the reinsurer. Finally assessed the appropriateness and presentation of disclosures against relevant accounting standards, Insurance Act, 2010 Insurance Rules, 1958 and other applicable rules and regulations and regulatory guidelines. Fair Value Change Account

Insurance company makes a number of investments in the listed capital market with required regulatory permission. Income generated from the investments (realized gain and dividend received) is credited to the Revenue Account. Unrealized gain or loss if any is transferred to the Fair Value Change Account.

This item has significant impact on the earnings performance of the company and return to the shareholders and might be prone to misreporting as large unreported fall in the value of any holding may wipe out the value of the portfolio and hamper the distribution capability of the company.

At 31 December 2021, the company reported total balance under the head of Fair Value Change Account of BDT (172,814,002)

{(2020: BDT (224,948,806)}.

We tested the design and operating effectiveness of key controls around monitoring, valuation and updating of prices of the positions held by the company from trusted sources. Additionally, we performed the following:

- Obtained year-end share holding positions from the company and through directional testing assessed the completeness of the report.
- Ascertained the valuation of the holding as per IFRS 13.
- Recalculated unrealized gain or loss at the year end.
- Carried out cut-off testing to ensure unrealized gain or loss was recognized in correct period.
- Obtained the CDBL report and share portfolio and cross checked against each other to confirm unrealized gain or loss.
- Checked the subsequent position of this unrealized amount.
- Finally assessed the appropriateness and presentation of disclosures against relevant accounting standards, The Companies Act, 1994 Insurance Act, 2010 and other applicable rules and regulations and regulatory guidelines.

Income Tax

Provision for income tax requires consideration of incomes from both 'actuarial surplus' and 'gross external incomings' in accordance with the 4th schedule of the income tax ordinance, 1984. For this purpose after the year end, the appointed Actuary of the Company provides a summary and valuation of the policies as per 'Form H' as stated in the Insurance Act, 2010. Policy liability (as per actuarial valuation) amount in excess of the 'Life Fund as reported in the financial statements' is referred to as 'actuarial surpluses. Also the income from 'gross external incomings less management expense' is derived. As per the ITO 1984 tax has to be calculated on higher base comparing between the income from actuarial surpluses and 'gross external income' at the rate applicable considering the allowable deductions as per the 4th schedule of the said ordinance. During the year provision for income tax is Tk. 47,067,767

We reviewed the tax calculation work flows and related details. To be specific, our substantive testing procedures included the following:

- We have checked whether that tax was calculated on the higher base comparing between income from actuarial surpluses and 'gross external income'.
- Actuarial surplus was derived properly taking into consideration the approved form H by the appointed Actuary.
- Income from 'gross external income' was derived properly.
- Whether deduction made as allowable by the 4th schedule of ITO 1984 were applied duly.

Valuation of outstanding claims

Outstanding claims include outstanding death claim, outstanding maturity claim and outstanding survival benefit, which is due to or intimated during the period.

As disclosed in note 3.09 claim cost consists of the policy benefit amount and claim settlement cost, where applicable. Death claims are accounted for on receipt of intimation. Annuity benefits and maturity benefits are accounted for when due. Surrenders are accounted for on the receipt of consent from the insured to the quote prescribed in the policy deed provided by the Company.

To test the valuation of the insurance contract liabilities, we performed the following audit procedures:

- We evaluated and tested controls around the claim handling and reserving.
- To test the reasonableness of the company's estimation process, or a sample of claims, we compared actual claim payments in the year to the prior year claims estimate provisions and no material differences were noted.
- Verified the validity of claims outstanding by testing on sample basis of claims with the available supporting documents.

Other Information

Management as well as Directors are responsible for the other information. The other information comprises all of the information in the Annual report other than the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements and Internal Controls

Management as well as Director are responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, the Companies Act, 1994 the Insurance Act, 2010 the Insurance Rules, 1958 the Securities and Exchange Rules, 2020 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error, design and perform audit procedures responsive to those risks, and
 obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
 The risk of not detecting a material misstatement resulting from fraud is higher than for
 one resulting from error, as fraud may involve collusion, forgery, intentional omissions,
 misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or

Annual Report 2021 85

Dated: Dhaka, June 20, 2022

regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Section 2(v) of the Companies Act 1994, share means a share in the capital of the company, and includes stock except when a distinction between stock and shares is expressed or implied. On the other hand section 185 of the same act, provides that the balance sheet of a company shall contain a summary of the property and assets and of the capital and liabilities of the company giving a true and fair view of affairs as at the end of the financial year and it shall be in the form set out in Part-I of Schedule XI. The broad heads under "Liabilities" therein are (i) Share Capital, (ii) Reserves and Surplus, (iii) Secured Loans, (iv) Unsecured Loans and (v) Current Liabilities and Provisions. The item of 'share application money' does not appear in the subheads under any of these heads.

Usually, during shares subscription, payment is divided into payment on application, on allotment and call payments. The total amounts received on application are carried forward as current liability until such time when stock is allotted. This is because not every subscription is incorporated in the amount of subscribed share capital. Share application monies are converted to equity capital of an entity after allotment of shares to qualifying applicants. This means that the share application money becomes equity after the completion of the allotment process. The excess of application funds is actually a current liability to the company.
